ONE MORE TIME GIUSEPPE PALUMBO MARCH 1 - 31, 2019

"Celebrate and dance so free, music's got me feeling so free, celebrate and dance so free, one more time." – Daft Punk

Join ÆRENA Galleries & Gardens throughout the month of March for *One More Time*, a celebration of new sculptures by Giuseppe Palumbo. By applying classical techniques to his contemporary subjects, Palumbo's textured and spirited bronzes embody the essence of each being he portrays. These whimsical and anthropomorphic sculptures engage the viewer with irony, wit, and humor. Palumbo provides an emotional connection with the animals through challenging not only barriers between worlds but between human and beast.

In addition to Palumbo's renowned portfolio of animals, he explores shapes, objects, and humanity. From small humanoid figures balancing precariously on a skinny ledge, to a monumental sized safety pin, his works push viewers into a slightly zany world. He taps into mythology, philosophy, and idiom through pigs flying, sheep dancing, and bulls meditating. This imaginative realm lets the viewer contemplate oneself within the world we exist in, *One More Time*.

Join ÆRENA Galleries & Gardens and Giuseppe Palumbo to celebrate his new showcase, *One More Time*.
